

## Smart Client Handling - Quick Response Guide

**1. Q: What's the budget for this?**

A: I'll review the scope and share a fair estimate shortly.

**2. Q: How long will this take?**

A: I'll confirm after breaking down the full requirement.

**3. Q: Can you do this in 3 days?**

A: Let me assess what's possible for Phase 1 delivery.

**4. Q: What tech will you use?**

A: I'll choose the best-fit stack based on your goals.

**5. Q: Can you show me a demo now?**

A: I'll need a bit of time to prepare a proper demo for clarity.

**6. Q: Can you start today?**

A: I'm available soon - just need to finalize the scope and access.

**7. Q: What's your team size?**

A: I scale the team as needed - quality stays the priority.

**8. Q: Can you reduce the price?**

A: I can suggest options that fit your budget without compromising value.

**9. Q: Why is this cost so high?**

A: It reflects the effort, quality, and long-term maintainability.

**10. Q: Is this app secure?**

A: Yes - we follow best practices for data and server security.

**11. Q: If something breaks later, will you fix it?**

A: Absolutely - I offer post-deployment support as well.

**12. Q: Can you also do the frontend/backend/design?**

A: Yes - or I can bring in specialists if needed.

**13. Q: Will this work on mobile and desktop?**

A: Yes, I'll ensure full responsiveness and cross-device support.

**14. Q: What if we need changes later?**

A: I'll structure it flexibly so future updates are easy.

## Smart Client Handling - Quick Response Guide

**15. Q: Why should we go with you?**

A: I focus on clean, scalable, on-time delivery - not just code, but business-ready solutions.

**16. Q: Can you give us a wireframe now?**

A: I'll need a bit of time to sketch a proper wireframe that fits your goals.

**17. Q: Will there be any hidden costs?**

A: No - everything will be transparent and documented in the proposal.

**18. Q: Can you integrate payments or third-party APIs?**

A: Yes, I've worked with many APIs and can integrate securely.

**19. Q: Can you help us with deployment?**

A: Yes - I'll handle full deployment and production setup.

**20. Q: Can you manage future updates or changes?**

A: Yes, I can offer ongoing support as your tech partner.
